

*« The light of The One who is infinite  
has no form ;it follows the outlines  
of the one who receives it  
- for the best and for the worst .*

*This is why  
it is to us to give it a form.  
We have to do our best  
for the Light of God  
to follow the lines of the grace  
and not of the malediction ."*
